SHE HAD TROUBLE

How a Prominent Lady of Portland Went the Rounds With the Dentists.

Mrs. Mitchell of Albina said yesterday: "A little more than 18 months ago I suffered untold pain from decayed teeth and was advised by my physician to have them extracted, so I went to one of the most prominent dentists in Portland and had them out and some artificial ones made. Well, do you know I cried for over four months to wear them but I could not, and so I consulted another prominent dentist, one of these high priced ones, you know, and he made me another set and charged me \$25, making \$50 in all for the two sets. I tried these and they were no better than the others. I told Mrs. Collins about it and she told me that her teeth cost her only \$7.50, including the extracting of 10 and she said they were just lovely and as good as her natural teeth. I asked her where she got them and she said at the Portland Dental Parlors, corner Fourth and Washington streets. She went down with me next day and I saw Dr. Jones, the manager, and made arrangements for this set. He did not demand a cent until I had tried them a week and returned and told him I was perfectly satisfied. As much as the others? No! He charged me only \$5."

WEATHER REPORTS.

United States Service Will Maintain a Bureau at Paris Exposition.

NEW YORK, Nov. 23.—It has been decided by the United States government to keep American visitors at the exposition in 1900 informed as to the conditions of the weather in this country during the exposition period. William Moore, chief of the weather bureau has given orders for the preparation of a special exhibit of his department to be shipped to the Paris exposition. Professor E. E. Marvin, chief of the instrument division has been assigned by Chief Moore to attend to the packing of the exhibit.

Thorough demonstrations of the system will be given for the benefit of foreigners as well as Americans. The weather bureau building at the exposition will have, among other things, a complete set of instruments such as are found at every weather station in this country. The workings of the forecasting division will be demonstrated and to do this fictitious reports will be made out from which a prognostication will be made in the regular way.

Apparatus employed at lake and coast stations to display storm signals will be set up, as will a collection of maps indicating special or peculiar climatic conditions found in the United States. A large number of photographs will also be displayed. The different types of kites used by the bureau for scientific researches will be on exhibition as will also a kite meteorograph, an instrument invented by Professor Marvin for determining the humidity, pressure and temperature of the air and the velocity of the wind.

The man in the tread-mill doesn't believe that turn about is fair play.

Dr. W. Wilson, Italy Hill, N. Y., says: "I heartily recommend One Minute Cough Cure. It gave my wife immediate relief in suffocating asthma." Pleasant to take. Never fails to quickly cure all coughs, colds, throat and lung troubles.

The stronger the butter is in the tub, the weaker it is in the market.

LaGrippe, with its after effects, annually destroys thousands of people. It may be quickly cured by One Minute Cough Cure, the only remedy that produces immediate results in coughs, colds, croup, bronchitis, pneumonia and throat and lung troubles. It will prevent consumption. For sale by CHARLES ROGERS.

Necessity knows no law, and is usually too poor to hire a lawyer.

RADICAL LITERATURE.

We know of only one book store in Portland where so complete a line of novels can be obtained, on all the radical subjects of the day under discussion as can be seen at Jones' Book Store, 291 Alder street.

Some poets are made by writing magazine poems that nobody can understand.

WHERE TO EAT.

Why at 'The Eastern,' of course, 170 Third St., Portland. You can get a good layout for 15 cents here, which will satisfy your hunger and bring you back again to the same place. Remember the Eastern.

Call for Non-Partisan Assembly.

All electors of the Non-partisan party of the City of Astoria, are requested to assemble at the Court House in the City of Astoria, on November 25th, 1899, at 7:30 p. m. for the purpose of nominating candidates for election, at the coming general election of the City of Astoria.

By order of the
NON-PARTISAN EXECUTIVE COMMITTEE.

A POEM ON MANKIND.

Like what is man, but like a sprouting weed,
That grows and ripens but to cast its seed.
Among the thistles and the tares of life
And then to see it strangled in the strife?
Or like the clouds that wander with the breeze
And pass unnoticed from a life of ease?
Or like a mushroom, sprung to life,
To starve or strangle in the tangled grass?

These are thoughts that are apt to come to many people at times, especially when they are sick and have to pay big prices for medicines. But there is one drug store in Oregon where you can save from 10 to 25 per cent on everything you buy, and that is J. A. Clemenson's Drug Store, at 227 Yamhill street, Portland, Ore. At that store you can get Hood's Sarsaparilla at 70c; Metcalf's Food, 11 size, 50c; Brown's Salt, 11 size, 70c, and everything else at the same low rate. You can get red trading stamps there, and if you need the Natural Body Brace, you can get it there.

IMPROVED TOURIST SLEEPERS.

Railroads Are Acceding to Demands of Middle Classes Who Want Better Sleeping-Car Service.

In response to the demands of the times the O. R. & N. and its connections are placing in operation a much better grade of tourist sleepers for Pacific coast service than at any previous time. The largely increased traffic to this section of the country has demanded all the improvements of latter-day transportation, and in consideration of this the railroads are establishing a service which is excellent in every particular. Not only are the wishes of first-class passengers served, but those who are traveling to and from the East on second-class tickets are splendidly cared for. There was a time when a tourist sleeper appealed to a limited number of people who were traveling on the "cheap" order, in every meaning of the term. Now, however, there has been a radical change. With the better tourist sleepers in operation the class of passengers has been improved, and one may now travel upon them and enjoy all the privileges of a first-class sleeper at a greatly reduced rate. Daily, on the O. R. & N. east-bound fast mail, is attached one of these latest improved tourist sleepers, a model of beauty and handsome appointments. The new cars are almost an exact counterpart of the first-class sleepers. One noticeable feature of the new tourist cars is the absence of a smoking apartment. The new cars being built by the Pullman Company are not provided with smoking apartments. This new departure has been taken because of the fact that most through trains are provided with composite cars, which provide a smoker for the sleeping-car passengers.

HAS SIXTY-FIVE FINGERS

The Fetching Pianola.

Do You Understand?

Do you want to know just what the Pianola is? Well, here is a piano. You are familiar with pianos, and it looks natural. Here is a little cabinet about the length of a piano keyboard, and standing up about as high as the keyboard. This cabinet is the Pianola. We place it in front of the piano and push it up close. It contains cushioned fingers that will strike the keys when you pump the pedals gently, as you pump an organ. You sit down on the stool and are ready to play. You have only ten fingers, counting thumbs. And if you could play ever so well with your hands you could not equal what you can make the Pianola do, for it has sixty-five fingers absolutely under your control. If you can not play a note by hand you can play instantly and magnificently with the Pianola's sixty-five fingers. Come to the Occident hotel parlors and we will show you.
